

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is only the latest abuse of our airwaves by this group. Last spring they chose not to air a Ted Koppel Nightline segment on the grounds it was too political.

They simply do not operate in the public interest whatsoever. Please consider revoking their license to the level of Channel 30 here in St. Louis. They have gone beyond the pale in their arrogant disregard of the public they allegedly serve.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
